

H

Since the meteor struck, everything has changed.

Dear Mom & Dad,  
Everything has changed so much since the meteor struck the moon. The biggest change so far is all the snow here. It's July! We haven't had electricity, so I wasn't able to call or email you. I have a feeling things are going to be like this for a while. How is the weather in Milwaukee? Are the dogs staying warm enough and well-fed? I love you and miss
